PROFESSIONAL SUMMARY

Full Stack Developer and Performance Marketer who builds and grows eCommerce products end to end. On-site as Product Engineer, App Developer and Web Developer — **Python (FastAPI)**, **Node.js**, **Next.js**, **Flutter**, **React Native**, **LLM / AI integration** and **AWS** (EC2, S3) — with 10+ apps live (50,000+ downloads) and 8 production Next.js storefronts. Remotely, runs **Meta, TikTok, Snapchat and Google Ads** for international and local clients: **$2M+ USD** verified client revenue, **277,000+ orders** and **6.8M+ sessions** at a consistent **3x–7x ROAS**. Open to remote or on-site roles globally.

KEY ACHIEVEMENTS

- Shipped **10+ apps** on Play Store & App Store (**50,000+ downloads**, UK · Gulf · Pakistan), **8 Next.js storefronts** and a multi-tenant e-commerce SaaS.
- Delivered **7x ROAS** at EcomPlug, scaling a store to **AED 82K** monthly revenue within 3 months of joining.
- Generated **$2M+ USD** verified revenue across 4+ eCommerce brands; managed **277,000+** orders and drove **6.8M+** sessions through Meta & TikTok.
- Achieved **$0.40 cost per order** — 1,000+ orders in a single month with only $400 in ad spend.
- Increased conversion rates by **40–45%** through CRO, A/B testing and funnel optimization; launched **50+** Shopify stores.

TECHNICAL & MARKETING SKILLS

Development: Python, FastAPI, Node.js, Next.js, React, Flutter, Dart, React Native, C#, Laravel, PHP

Growth & Analytics: CRO, Funnel Building, Shopify (Liquid, Themes, Apps), Google Analytics, Meta & TikTok Pixel, Tag Manager, Klaviyo
Tools: Git, CI/CD, Figma, Canva, CapCut, Play Console & App Store Connect, AdMob, AppLovin

WORK EXPERIENCE

Product Engineer & Senior eCommerce Performance Marketer
Dec 2025 – Present

EcomPlug (Software Company) · Islamabad, Pakistan · On-site · Gulf markets: UAE, KSA, Oman

- Own the product surface end to end for a software company with its own stores, outlets and brands in the Gulf — Next.js storefronts, backend (FastAPI, AWS EC2 & S3), front end and mobile apps.
- Built the multi-tenant e-commerce SaaS (inventory, warehouses, orders, sellers, staff permissions), 8 Next.js storefronts and the DressFair, EcomPlug Seller and ShippingPlug apps.
- Run paid growth on **Meta** and **TikTok** across multiple ad accounts at **7x ROAS** — scaled one store to **AED 82K (~$22K)** monthly revenue in 3 months and **AED 220K+ (~$60K)** between June and September 2026.

Freelance Performance Marketer & Shopify Expert

Self-Employed · Remote · Part-time, client-based · International & local clients

- Generated **$2M+ USD** in verified revenue across 4+ eCommerce brands at a consistent **3x–7x ROAS**; drove **6.8M+ sessions** and **277,000+ orders**; launched **50+ Shopify stores**.
- Achieved a **$0.40 cost per order** (Castify.pk), lifted conversions up to **45%** and cut customer acquisition cost by **30%** with automated funnels and retargeting; trained 100+ students.

Digital Marketing & eCommerce Manager
Mar 2024 – Oct 2025

Master Super Store · Pakistan · Remote · Part-time

- Generated **PKR 206.93M ($741K+ USD)** in sales — 2.04M sessions, 117,300+ orders — through Meta and TikTok campaigns.

Full Stack Developer
Oct 2024 – Dec 2025

Proto IT Consultants · Islamabad, Pakistan · Hybrid

- Built **NovIt AI** (Flutter, Next.js, AI integration) — AI content platform for influencers with direct publishing to LinkedIn, Facebook, Instagram and TikTok, 4+ social APIs and real-time analytics.

App Developer
Apr 2024 – Oct 2024

Strahlen Studios · Islamabad, Pakistan · On-site

- Built **Mobula Ray EV** (live in the UK) — Flutter EV-charging app with Google Maps locator, slot booking, NFC tap-to-charge, Stripe payments and live REST API sync.

Flutter Developer
May 2023 – Apr 2024

AHAD Softech LLP · Islamabad, Pakistan · On-site

- Built **AI Calculator** (50,000+ downloads) plus Status Saver and Document Reader apps, monetized through AdMob, AppLovin, Unity Ads and subscriptions.

Web Developer
Jan 2022 – Jan 2023

Supportive Hands IT Solutions · Abbottabad, Pakistan · On-site

- Built and deployed web HR & payroll tools for 80+ employees (PHP, Laravel, MySQL, REST APIs) — salary calculation, employee management and progress tracking.
